# AMERICAN INTERNATIONAL FINE ART FAIR

Every February prestigious, international fine art and antique galleries gather in Palm Beach for the American International Fine Art Fair, attracting distinguished collectors, connoisseurs, and art enthusiasts from across the globe. International Fine Art Expositions (IFAE), organizers of the 15th annual American International Fine Art Fair (AIFAF), released highlights for the 2011 edition of the fair today. AIFAF will return to the Palm Beach County Convention Center on February 4th for a VIP preview night with show dates continuing from February 5th-13th, 2011.

IFAE continues last year's successful format with a full schedule of daily activities to coincide with the exhibitions. These activities include informative lectures from highly respected museum curators and art experts, as well as cocktail parties and other social events.

This coming year AIFAF will be partnering with the Norton Museum of Art for the museum's 70th Anniversary celebration. With complimentary admission to all events on February 8th and shuttle buses running between the Palm Beach County Convention Center and the Norton Museum of Art on that day.

During the preview evening Black River Caviar, a sponsor for the fair, will be serving caviar canapés to the VIP guest. This service will continue into the fair with a daily "caviar and cocktail" hour in the Black River Caviar VIP Lounge.

Among the prestigious galleries exhibiting at AIFAF 2011 will be Richard Green, London (UK); Hammer Galleries, New York (USA); Graff, London (USA); and MacConnal-Mason, London (UK); Galerie Terminus, Munich (Germany); Buccellati, Milan (Italy); and Holden Luntz, Palm Beach (USA).

In addition to the distinguished galleries seen at the fair each year AIFAF will welcome multiple new exhibitors to the 2011 line up. Among them will be Questroyal Fine Art, New York (USA); Galerie du Post Impressionisme, Paris (France); John Mitchell Fine Paintings, London (UK); and David Webb, New York, (USA).

AIFAF has been recognized as one of this country's premiere art and antiques fair for 15 years. In 2010, AIFAF introduced a major redesign of the fair which was well received by exhibitors and collectors. The 2011 fair will continue its tradition of bringing together an exceptional array of fully vetted art, antiques and jewelry exhibitors.

We invite you to visit [www.aifaf.com](http://www.aifaf.com) for more information on 2011 exhibitors and updates on programming.
